

January—March 2017

Dear Praying Friends & Supporters,

How time flies quickly! We are glad that our baby Adeife Rhoda is 4 months old already. We took out a family time in April to take a family photo as well as to mark my wife's birthday on the first of April. (Some pics are attached with the prayer letter.) Yetunde and I are thankful for the blessings we have received from both Rhoda's grandmothers who had visited us since birth and made sure that our new baby is well nurtured and strong enough before their departure. We are also thankful for the many gifts and love from friends, supporters and praying friends.

In the last 3 months, our involvements at Grace & Glory Baptist Church have been wonderful. Yetunde has been excited about a new Bible study going on with our church ladies which is led and conducted by Mrs. Sabrina Holmes our Pastor's wife. It has brought the ladies together in fellowship and it has a potential of getting the ladies to go soul winning together.

Early in January, we conducted a youth Bible quiz where we invited to Grace & Glory two youth groups from other churches. This was our second Bible quiz conducted and it was great to see our young people study the book of II Timothy and contest among other youth group to show how much they had studied and getting them to read their Bible more. Grace & Glory teens took the position of the second runner up, while Spring Valley Baptist Church the first runner up and ultimately Truth Baptist Church being the winner leading the overall contest.

In the middle of March, I was able to take another yearly Africa trip and was joined by Bunmi Salazar one of my Teenagers in my Sunday School class. We flew to Kenya on the 14th of March where we were joined with Pastor Michael Alamu from Nigeria and two other Americans, Bro. Tim Pledger from Calvary Baptist Church of Florida and Bro. Chuck Slater. Having traveled to 17 African countries, this would be my first time of bringing someone along with me and I was glad that Bunmi was able to join me on trip with his Parents support and approval. Bunmi has a desire to be a Doctor and would like to use his talents for the glory of God. We are Thankful to God for a successful trip. While we were in Kenya for two weeks, our team was able to work with over 10 churches, preached in over 30 schools, and showed the Jesus film with preaching more than 10 times. We recorded a total of 6,668 souls saved in Kenya and all glory to God for this great harvest of souls.

Continue to pray for me and family and the ministry work here in Nigeria, Bunmi Salazar, and for good health and provision. Thank you all for your support and prayers.

For the Cause of Christ,

Adewale Adesina

Jer 20:9
